

Lie group methods for industrial multibody system simulation

Online course on Geometric integration and Lie group methods

THREAD (nwt 6), organized by NTNU Trondheim, February 2021
EUROPEAN TRAINING NETWORK

Martin Arnold, Stefan Hante, Victoria Wieloch

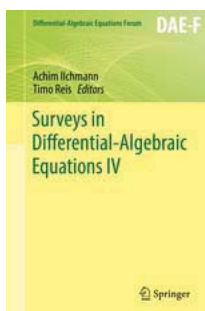

Martin Luther University Halle-Wittenberg
Institute of Mathematics
06099 Halle (Saale)

Based on results of **Olivier Brüls** (University of Liège)

Alberto Cardona (Universidad Nacional del Litoral)

1. Introduction
