

TMA4190 Introduction to Topology

Spring 2021 - Information about the exam

Marius Thaule (April 27, 2021)

Practical information about the exam

- You can have the exam in either Norwegian or English
- The exam schedule will be posted on the course [website](#)
- The exam will last for approximately 30 minutes. You will get your grade immediately after your exam
- You may have the exam in-person or via [Zoom](#)
- If you want to have your exam via Zoom you **must** let [me](#) know no later than May 4
- There will be a trial run for those that will have their exam via Zoom. See the course [website](#) for more information
- The syllabus consists of chapters 1 through 8 in the [lecture notes](#) (including all the exercises)
- If you decide not to take the exam let [me](#) know as soon as possible

Preparing for the exam

- Try to think of it as a casual conversation amongst friends and don't stress
- Familiarize yourself with definitions (e.g., can you give an example?), theorems, etc.
- Familiarize yourself with techniques we've used for proving theorems, etc.
- Work through the exercises
- If you are having the exam in-person try to write legibly on the blackboard and not too big (or else you will spend a lot of time erasing!)
- If you are having the exam via Zoom make sure to drop in on the trial run so that you can check your gear
